Subscription \$2.00, U.S.A. \$2.50

At the Church of the Brethren Next Sunday

For several weeks the Church of the Brethren in Arrowwood has been anticipating a series of programs consisting of one contribution from each family of the constituency. Songs, recitations, orations, scriptures, prayers, plays, etc., are being prepared by each family of families in response to these programs. The first of this series will be presented on next Sunday evening, beginning at 7.30. The committee entrusted with making the plans for these services is composed of Misses Ruth Brubaker, Grace Irwin and Florence Norton. It is hoped that each family will co-operate with the committee by telling them what will be contributed and when they will be ready. The pastor will speak at both the morning and evening services.

Things We Want to Know

What else beside "moumshing" could intoxicate a man to the extent of seeing "mules"?

What spits the driver of the tractor holds against those riding on or near Centre St., to "do his stuff" so early this morning?

TRAVEL BARGAINS TO EASTERN

ARROWWOOD THEATRE

Friday Night, September 15

USUAL COMEDY

8:30 p.m.

Adults and High School Students 25c, Children 15c

Milo Notes

Once again threshing was held by by rain. It is a long full swing and should be finished very shortly.

Milo elevators report the rush over for the season.

The Oddfellows dance on Friday night was quite a success.

The Ladies Aid of the United Church held a tea at the home of Mrs. Ferngrin, which was well patronized.

Rev. V. M. Gilbert took charge of the services in the United Church Sunday evening.

Mrs. P. H. Coleman resumed classes in Lomond last Wednesday.

Mrs. D. Johnson is a visitor at the home of her sister in Gleichen.

Mr. and Mrs. G. Pafray, who have been visiting with Mr. and Mrs. L. Phillips, left for Milk River last week.

Mrs. G. McMorrin is visiting Calgary friends.

Missionary Club Notes

The Missionary Club held their weekly meeting last Monday at the home of Mrs. Lawrence Larsen. The following officers were elected:

President—Clara Service
Vice-Pres.—Grace Peacock
Sec.—Treast.—June Cliford.
The girls are busy making a Christmas gift.

Tenders for School Barn, Trego School District, No. 4050

Sealed Tenders will be received by the Board of Trustees of the above School District at the office of the Secretary Treasurer up to noon, September 25, 1933, for the erection of a frame building. Plans and specifications may be obtained from the Secretary—Treasurer on payment of a deposit of \$5.00. Plans must be submitted within 24 hours and deposit will be refunded. A marked cheque for 5% of the amount of the tender must be enclosed with each tender as a guarantee that same is bona fide. No tender will be considered without this cheque attached.

The lowest or any tender will not necessarily be accepted. C. W. Stafford, Sec.—Treas., Trego, Alta. Mossleigh Station.

The U.F.W.A. Met at the Home of Mrs. J. Hesketh

The U.F.W.A. held a meeting on Sept. 6th, which was held at the home of Mrs. J. Hesketh. Mrs. McBride and Mrs. Lewendon assisted. After the routine business Mrs. R. F. Williams gave the health bulletin from Central Office also a splendid paper entitled "When food is poison". This brought out a very thorough discussion. Mrs. Kenner read the fourth part of the reading course prepared by Mrs. Kiser of High River. It briefly outlined "The Magician Obsession" also "Forgive us our Trespasses" two of the best sellers of the last two years. Some quotations were given from Sir John Massey's poems, just enough to inspire you to further reading of our poet laureates works. Mrs. McBride reported for Peans in the absence of Mrs. Norman. "How United States is prepared for war." It was interesting to note that wealth is to be compensated as well as man power in the event of war. This has been a persistent demand of the Women's International League for Peace and Freedom and will do more to prevent war than any other measure. Mrs. Vancil was asked to finish out the year's work on Peans as Mrs. Norman will be leaving shortly.

Mrs. Weins reported on the new issue of readers for the Public Schools explaining why the change was necessary. The shower for the Girls Residential Club met with marked success. Delicious home canned fruits and vegetable tables were generously given also an abundance of fresh vegetables, new laid eggs etc. The collection for this work amounted to \$5.00. The executive wish to thank all those who helped to further the work of the Girls' Club by their donations.

Mrs. J. M. Weins will be the hostess at the next meeting on Sept. 20th, with Mrs. Omer Larsen as assistant. Dr. E. J. Lieseuer will talk on "Health".

Regular Meeting of the Council

The Village Council held their regular meeting on Wednesday, Sept. 6th, with all Councillors, and two visitors present. The minutes of the meeting of August 2nd were read and adopted.

Mr. Waterston of the Salvation Army, was present to solicit the aid of the Village in carrying on their work and, by the unanimous approval of the Council, was promised the usual donation of \$10. Mr. Beagle was the other visitor and he was seeking advice as to how to collect water rent from some delinquent water users from the Village pump. He was advised to cut off any who made no effort to pay.

Accounts of G. Duncan, A. C. and L. Henry D. J. Beagle, W. Mooney, Arrowwood Garage, and T. S. Board were approved and ordered to be paid. The meeting then adjourned.

Sunday School will be held in the Trego School, Mossleigh, at 3 o'clock Sunday afternoon. All welcome.

The E. W. Brubaker Home Threatened by Fire Last Thursday

Last Thursday night, about 11 o'clock the E. W. Brubaker family was suddenly awakened to discover their house was on fire. The fire which started in the outside entry was checked before any great damage was done.

Mrs. Brubaker was awakened by a crackling noise, investigating she was horrified to find the entrance room ablaze. Hastily arousing the entire household, they set about to extinguish the flames. Procuring water from a filled stock tank they poured it into a small opening. With great presence of mind they left all possible drafts closed, thus causing the fire to somewhat choke itself, because of lack of fresh air. Before help arrived, with their persistent efforts, the Brubaker family had placed the flames under control. If this had not been possible the loss would have been enormous due to their rural situation.

The loss is estimated at \$200. Besides clothing destroyed there was a mosey and two horses which proved a total loss. This loss will be partly covered by insurance carried by Mr. Brubaker.

First Meeting of the Arrowwood Guides for the Season

The Arrowwood Guides held their first meeting of the season on Tuesday night at the home of Mrs. J. M. Weins. Margaret Fisher, June Cliford, Clara Service and Lila Service were elected as Patrol Leaders. Watch next week's "Resource" for a summary of the Guide and Brownie training.

Mack W. Lyle Sees Improvement in Conditions

Mack W. Lyle, of Calgary, together with his wife and son, Mack Wm. Jr., were the guests of his son at the Lyle home during the week. They have just returned from an extensive holiday on the Pacific Coast. Mr. Lyle reports business is steadily improving in Calgary and is noticeable in Vancouver and particularly much improved in Seattle and other American cities visited. He reports the National Recovery Administration (the NRA) as being highly successful so far as every appearance of being a permanent improvement. As to conditions in Calgary being better, he points out that the Real Estate Company of Lyle Brothers Limited have recently increased their sales staff and are now having a large turnover of Calgary real estate at this time. Mack W. Lyle was a Councillor for the Municipal District of Dinto and Chairman of the Arrowwood Consolidated School Board in 1929 before entering business in Calgary.

A car should be lubricated at least every 1000 miles. It is necessary for the long life of the machine. Lubrication neglect causes premature wear on the various parts of a car and this results in expensive repair bills which can be avoided by careful attention as far as lubrication is concerned.

Arrowwood Notes

Mr. and Mrs. J. M. Weins and family spent Sunday visiting at Rockyford.

Malcolm Taylor left last Friday for Calgary, where he went to take Normal training.

The Misses Ruth and Edna Beagle spent Friday and Saturday in Calgary.

Word has been received from Mrs. E. C. Bowman that they arrived safely at Tonasket, Washington and are visiting with Mr. and Mrs. M. Eshom.

BORN—At Mrs. Lewendon's Nursing Home, to Mr. and Mrs. L. Bowen on Sunday, Sept. 10, a daughter.

Last week Larry Larsen celebrated his eighth birthday by entertaining a number of his friends at an enjoyable party.

Mr. and Mrs. A. Phillips entertained at a dinner party in honor of Mr. and Mrs. R. R. Saunders and family on Monday.

Miss Millicent Taylor of Vancouver has arrived in Arrowwood where she expects to spend the winter at the home of her uncle Mr. C. G. Taylor.

For Sale—Child's crib, including springs and mattress, \$7.00. Bissell's carpet sweeper, like new, \$4.00. Apply, Mrs. R. H. Bishop.

Mr. E. E. Jacques arrived from Chinook on Monday and has taken charge of the Drug and Stationery Business. Mrs. Jacques and family will arrive early next week. The community welcomes Mr. and Mrs. Jacques to our midst.

Farewell Party for Arthur Saunders

A farewell party, sponsored by the young friends of Arthur Saunders, took the form of a wiener roast and was held at the river on Wednesday last.

At 7:30 p.m. the merry bunch climbed into Mr. J. M. Wein's truck and the evening was hilarity from start to finish.

After a feed of wiener and marshmallows and hot coffee, (made by Camp Father Weins) Arthur was presented with a gift, showing the esteem in which he was held by his school pals, Miss Margaret Richards very capably making the presentation.

Mr. and Mrs. J. M. Weins and Mr. and Mrs. Norman Gary acted as chaperones for the evening.

Mr. and Mrs. John Mackie and their family of Carlsbad visited their parents on the weekend. Miss Ruth Beagle accompanied her sister home for a week's visit.

Security and Protection

Grain growers, the length and breadth of Alberta, should keep in mind that a fair measure of protection and security in the sale and handling of their grain can be obtained through the building up of a strong elevator system on a strictly grower-controlled, co-operative basis. Having this in mind the best course to follow is to

Changing Civilization, The State, And The School

Prevailing economic conditions throughout the world have had a direct and calamitous effect on Canada, and particularly on the entire western half of the Dominion which has to depend so largely upon world markets for the profitable disposal of its products. The situation thus created was bad enough for the people to be called upon to face, but, unfortunately, it was intensified throughout very large areas by successive years of drought and insect pestilence. The result of all this compelled many to leave their homes. Many people would have been able to fairly well contend against one of these adverse conditions, but were swamped by a combination of the two.

The result has, of necessity, been not only a loss of income and livelihood to thousands of individuals—but the losses in the agricultural world has brought unemployment and loss in the industrial world—but it has also imposed a heavy burden on all governments, while at the same time greatly reducing their revenue wherever to meet that burden. People without incomes cannot, of course, pay taxes. Public services have had to be cut, and various economies enforced.

Canada, as a nation, and the Western Provinces in particular, have always been generous in making provision for the education of the youth of the land. They have been proud of their educational systems. They have never been slow in recognizing the importance of education for the children, and increasing the means of obtaining it by all possible means. Education for their children and increasing the means of obtaining it by all possible means. Education for their children and increasing the means of obtaining it by all possible means.

As a result, expenditures for education have been heavy, and school taxes high. Owing to the necessity of cutting public expenditures in these times, especially in view of the existing economic conditions, the government has made drastic curtailments in the school facilities provided, and limiting the educational opportunities of the present generation. Serious reductions have already taken place, and in particular, teachers' salaries in rural schools have been reduced to a point where it is difficult for them to carry on. Nevertheless some short-sighted, panic-stricken people still clamor for still greater "savings" at the expense of the education of the children of today. To all such people we say, "We are sorry, but the education of the children of the future contributed to the Victoria, B.C., Times, inasmuch as the application of the truths contained therein was by no means confined to the Province and the People of British Columbia."

With education conditions as they are, we here on all sides the most frantic suggestion about closing the schools, doing away with high school education after the age of 14, save for those who can afford to pay fees, about elimination of school services that make for education efficiency, about merciless slashing of teachers' salaries.

"Teach 'em till they are fourteen," said a man of reputed mental brilliance. Let me the other day. "Teach 'em till they are fourteen, then let them go—unless their parents can afford to pay for them to go in for higher education."

"Let them go." But where? In Vancouver alone 40,000 children are attending school. What if 4,000, 5,000 of them were turned out of the schools? Were not able to go back this year? And probably as many more tomorrow?

Twenty years ago such children might have been absorbed in unskilled labor of some kind, in apprenticeship, in farm work (not in British Columbia this last).

What is there for them to do now? What?

And as every mother, every teacher known, fourteen is a dangerous age. Boys and girls, though a pretty bad time these last ten years, but they have not cut half so bad as before. As a matter of fact she has increased these. She knows her bad to.

It seems to me if any of these drastic curtailments suggested by politicians are done save in tentative moderation and as temporary expedients, a Dark Age will set in.

Of course, the highest work in the intellectual world always seems to be done in the Dark Ages. The highest work in the world in the Dark Ages in the world may be estimated as high or low by the amount it allows itself for the higher kinds of work. That is for its teachers, its clergy, its inventors, its social service workers, its creators of all kinds of art. Take the nations and see how they measure up in your estimation to this axiom.

If a nation wants able men and women to deal with and teach its children, it must pay for them.

A mean demand will meet with a mean supply.

And the nation in the long run will be the loser.

Canada cannot afford to lose in this matter of education. Children of this changing civilization—for changing it is and very rapidly in form and ideals, can afford to lose. We, the adults of this generation, have no right to expect that the future generation anything in the matter of educational opportunities or services.

"Young Canada we stand on guard for thee" was the apt and eternal malediction used by Dean D. Buchanan in his address to the British Columbia Teachers' Federation, in convention. It tersely sums up the attitude of teachers and parents during this time of economic stress.

Holding of "air circuses" on Sunday is being fought in England.

Automobile sales in Japan are increasing.

American cosmetics are now in demand in North Manchuria.

Exports of cotton from Egypt this year are much greater than in 1912

Free-Handedness of Patrons Means Terrible Loss To Railways and Hotels

How many times a day, let us say, appropriated by railway passengers? The figures for English trains are staggering, an English railway detective being authority for the statement that 25,000 persons were taken from the cars of one train last month. He says also that the thefts of cups, spoons, window straps and glasses cause a loss to British railway companies of thousands of pounds a year. Most of these disappearance are from the dining cars in London. Hotels and restaurants, on the other hand, sustain their heaviest losses at Christmas, when glasses, jugs, ashtrays, cutlery and linen vanish by the score. According to an English hotelkeeper this practice of picking up useful or fancy little articles is more frequent among well-to-do people than among the less fortunate. There is an aspect of this interesting custom which is not often noticed, and that is the necessity of not offending a good customer when mischance has revealed his free-handedness with mine host's property. Some hotelkeeper, for example, paid his bill when he was making his way to the door of the hotel when one of the hotel's spoons clattered to the floor. An attendant promptly picked it up and handed it after her to the guest. The host's intuition to her, it is as well that he had been her own, but his well-meant effort to save the lady's face was almost ruined by his arrival in the room in which almost turned it into night. The attendant freed him from his predicament. Some hotelkeeper, at that hotel again—New York Evening Post.

Only Firestone

Gives You All These
EXTRA VALUES

...and at No Extra Cost

Year after year **Firestone** has led the way in giving car owners extra tire values to save them money. Now Firestone gives you an amazing new guarantee which fully protects you for twelve months against any condition that may render a Firestone Tire unfit for further use as a result of blowouts, cuts, bruises or any other road hazard excepting punctures or running the tire flat.

For this alone it would pay you to buy Firestone.

Low Priced Tires. If you want a low priced but dependable tire, ask for the Firestone Oldfield. As good as most first line tires, but costs 20 per cent less. Made by Firestone and guaranteed for 12 months.

WAGIN' TUNG

Vol. 3, No. 4 Arrowwood, Sept. 14, 1933 Items for That

That Douglas System?

Some two months ago a very learned gentleman
spoke here on the Douglas System to an audience of
over five hundred people, which to us meant that the
general public are clamoring for something that will
help us all in our present dilemma. Since then scores
of people have asked "What has become of our Douglas
System?" Personally, we were wondering if it was a
flash in the pan, or is the smouldering fire still burning?

If you are anticipating the purchase of a radio this
fall you can do no better than purchasing a Philco. Not
a last year's set, with old type tubes, but the new type
dual purpose tubes; New Circuit, New Cabinet and New
Speaker.

We are nearing the time when the cool weather
will be taking more power from your battery to start
your motor. We have the Exide-battery, which will
greatly assist you in starting your motor when the
weather gets cooler.

We have a stock of Imperial shot gun shells. On your
next hunting trip we can supply you with this
popular brand.

The hog market is at the top price. If you have not
got a load you had better see us as we are constantly
making up loads and this may assist you in getting yours
in while the price is up.

A naval officer fell overboard. He was rescued by
a deck hand. The officer asked the rescuer how he
could reward him.

"The best way, Sir," said Jack, "is to say nothing
about it." If the other fellow knew I pulled you out, he
died you in.
